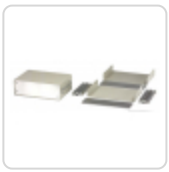
Metal Instrument Enclosures *1402 Series*



RoHS

Key Features:

- Top and bottom made from 12 gauge aluminum finished in beige.
- Top and bottom are attached to an internal aluminum extrusion which contains mounting slots for printed circuit boards or panels.
- Front and rear panels are natural aluminum (paper coated one side) which are attached with screws to the aluminum mounting extrusion.
- Panels can be easily removed for access to components.
- Tops and bottoms are available in solid or with vent slots.
- All hardware and self-adhesive rubber feet are included.
- Replacement hardware packages include front panel screws, side screws, extrusions, and rubber feet.
